

Closing of Twisted Mac Victoria TX

Entrepreneur is - one who organizes, manages, and assumes the risks of a business or enterprise.

The above is the definition of an entrepreneur defend by Webster. While an entrepreneur is known to take calculated risk for great rewards, he/she is also prepared for the potential losses and willing act accordingly.

Like Kenney Rogers very wisely said – “You’ve Got to know when to Hold’em and Know when to Fold’em”

Victoria is a town of hard working and strong-willed people that know what they want. Unfortunately, this time we were unsuccessful in delivering something that meet Victoria’s expectation and we know it’s time to Fold’em.

At this time, we have decided to close the Twisted Mac Victoria location permanently.

Instead of making this a negative experience and dwelling on it, we are taking it as a very valuable lesson from which we will learn and get better.

Since we have this lease and have no intention on baling on our landlord, we are going to take some time to regroup and see what else we can bring in that Victoria will enjoy better.

We are also open to the idea of partnering with someone who has a mind-blowing concept idea with strong desire, passion and the experience of running a successful restaurant.

This location is also available for sub-lease, subject to landlord qualifying the new tenant.

With wins comes losses and we will accept this like champions and get better.

Please contact Tony Mistry at 361-655-8669 or Mike Mistry at 361-655-6453 if you want to pitch us your idea and partner with us or are interested in subleasing this unit and making it your own.
